Board of Directors
Coordinated Capital Securities, Inc.
Madison, Wisconsin

We have audited the accompanying statement of financial condition of Coordinated Capital Securities, Inc. (a wholly-owned subsidiary of Coordinated Capital Holdings, Inc.) as of March 31, 2006 and the related statements of operations, stockholder's equity and cash flows for the year then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Coordinated Capital Securities, Inc. as of March 31, 2006 and the results of its operations, changes in its stockholder's equity and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

NOTES TO FINANCIAL STATEMENTS
March 31, 2006

NOTE 1 - Summary of Significant Accounting Policies

Nature of Operations

Coordinated Capital Securities, Inc. is a Wisconsin corporation formed on December 8, 1982 for the purpose of conducting business as a broker-dealer in securities. The Company deals in mutual funds and variable annuity investments with investment companies throughout the United States on behalf of customers in Wisconsin. The Company provides discount brokerage services through its division, Coltrane Securities. The Company is a wholly-owned subsidiary of Coordinated Capital Holdings, Inc. (the "Parent").

Cash and Cash Equivalents

For purposes of the statement of cash flows, the Company considers all highly liquid debt instruments purchased with a maturity of three months or less to be cash equivalents.

Marketable Securities

Marketable securities, primarily mutual funds, are stated at market value and are classified as trading securities. Realized and unrealized gains and losses on trading securities are included in other income.

Reserves and Custody of Securities

For transactions in mutual fund shares and variable annuity products, the Company operates under the provisions of paragraph (k)(2)(i) of Rule 15c3-3 of the Securities and Exchange Commission. Among other items, (k)(2)(i) requires that the Company carry no margin accounts, that it promptly transmits all customers funds and securities and does not otherwise hold customer funds or securities or perform custodial services for customers, and that it effectuates all such transactions through a special bank account for the exclusive benefit of its customers.

With respect to all other securities transactions, the Company operates under the provisions of paragraph (k)(2)(ii) of Rule 15c3-3 of the Securities and Exchange Commission. Essentially, the requirements of paragraph (k)(2)(ii) provide that the Company clear all transactions on behalf of customers on a fully-disclosed basis with a clearing broker-dealer and promptly transmit all customer funds and securities to the clearing broker-dealer. The clearing broker-dealer carries all of the accounts of the customers and maintains and preserves all related books and records as are customarily kept by a clearing broker-dealer.

As a result of the above two paragraphs, the Company is exempt from the remaining provisions of Rule 15c3-3.

Commissions Receivable

The Company uses the allowance method to account for uncollectible accounts receivable. The Company estimates the allowance based on historical collection experience and a review of the current status of accounts receivable. As of March 31, 2006, no allowance for doubtful accounts is provided as all receivables are considered collectible.

NOTE 1 - Summary of Significant Accounting Policies (cont.)

Commission Revenue

The Company recognizes revenue at the time applications are completed and submitted. Transactions involving registered traded securities are processed through a clearing broker-dealer and commissions are recorded on a trade date basis.

Customer List

The customer list is carried at cost. Each year the Company reviews the list and writes off any accounts which are no longer active customers.

Income Taxes

The Company is included in the consolidated income tax return of its parent company. The parent company collects the income taxes owed by the Company by way of the management fees; therefore, no provision for income taxes is included.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTE 2 - Net Capital Requirements

The Company is subject to the Securities and Exchange Commission uniform net capital rule (Rule 15c3-1), which requires the maintenance of a minimum amount of net capital and that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. Rule 15c3-1 also provides that equity capital may not be withdrawn or cash dividends paid if the resulting net capital ratio would exceed 10 to 1. At March 31, 2006, the Company had net capital of \$213,603 and a net capital requirement of \$50,000. The Company's net capital ratio as of March 31, 2006 was 1.94 to 1.

NOTES TO FINANCIAL STATEMENTS
March 31, 2006

NOTE 3 - Marketable Securities

Marketable securities consist of marketable equity securities. These securities are being accounted for as trading securities. Accordingly, the unrealized gains (losses) associated with these securities are reported in the income statement.

	<u>Market Value</u>
Mutual funds	\$ 136,615
Money market funds	25,922
Common stocks	<u>3,040</u>
Totals	<u>\$ 165,577</u>

NOTE 4 - Off Balance Sheet Risk

As discussed in Note 1, the Company's customer securities transactions are introduced on a fully disclosed basis with its clearing broker-dealer. The clearing broker-dealer is responsible for the execution, collection and payment of funds and, receipt and delivery of securities relative to customer transactions. Off-balance sheet risk exists with respect to these transactions due to the possibility that the customers may be unable to fulfill their contractual commitments, wherein the clearing broker-dealer may charge any losses it incurs to the Company. The Company seeks to minimize this risk through procedures designed to monitor the credit worthiness of its customers.

NOTE 5 - Related Party Transactions

The Company is wholly owned by the Parent. Through common ownership/management, the Company is also affiliated with Coordinated Capital Consultants of Wisconsin, Inc., and Coordinated Partners, Inc. Coordinated Partners, Inc. is the general partner of several limited partnerships.

The Parent assumes responsibility for all income tax liabilities. Income tax expense is recorded through management fees.

During the period ended March 31, 2006, the Company paid management fees of \$930,000 to the Parent. Included in these fees were reimbursements for office space, administrative assistance, and other miscellaneous operating expenses.

SUPPLEMENTAL INFORMATION

INDEPENDENT AUDITORS' REPORT ON SUPPLEMENTAL FINANCIAL INFORMATION
REQUIRED BY RULE 17a-5 OF THE SECURITIES EXCHANGE ACT OF 1934

Board of Directors
Coordinated Capital Securities, Inc.
Madison, Wisconsin

We have audited the accompanying financial statements of Coordinated Capital Securities, Inc. (a wholly-owned subsidiary of Coordinated Capital Holdings, Inc.) as of and for the year ended March 31, 2006, and have issued our report thereon dated April 25, 2006. Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental financial information contained in Schedule I is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by Rule 17a-5 under the Securities Exchange Act of 1934. Such information has been subject to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

REPORT ON INTERNAL CONTROL REQUIRED BY SEC RULE 17a-5 FOR A BROKER-DEALER
CLAIMING AN EXEMPTION FROM SEC RULE 15c3-3

Board of Directors
Coordinated Capital Securities, Inc.
Milwaukee, Wisconsin

In planning and performing our audit of the financial statements and supplemental schedule of Coordinated Capital Securities, Inc. (the Company), for the year ended March 31, 2006, we considered its internal control, including control activities for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on internal control.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company including tests of such practices and procedures that we considered relevant to the objectives stated in Rule 17a-5(g) in making the periodic computations of aggregate indebtedness and net capital under Rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of Rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications, and comparisons and recordation of differences required by rule 17a-13
2. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System
3. Obtaining and maintaining physical possession or control of all fully paid and excess margin securities of customer as required by Rule 15c3-3

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control or the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

Our consideration of internal control would not necessarily disclose all matters in internal control that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements caused by error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving internal control, including control activities for safeguarding securities, that we consider to be material weaknesses as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at March 31, 2006, to meet the SEC's objectives.

This report is intended solely for the information and use of the Board of Directors, management, the SEC, and other regulatory agencies that rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.
